UMEI®

Guard Tour System
Easy Patrolling Easy Monitoring

GT1100 Recorder

Downloader

For: Factory, Condominium, Shopping complex, Housing (Gated Community), Commercial Building etc….

Product Description:
To start a tour, the guard just needs to point the GT1100 recorder at each designated "Station Point" located throughout the premises. The recorder records the station point, date and time. Data recorded in the recorder is then transferred to a computer via a downloader for processing and generate reports.

Features:
- **Contactless reading between recorder and station point.**
- **GT1100 Recorder is tamper and water resistant.**
- **Data in the GT1100 recorder is transferred via downloader into the computer via USB cable.**
- **Up to 2000 recordings can be stored in GT1100 recorder**
- **Expandable: Additional GT1100 Recorder and Station Point can be added as needed**
- **GT1100 Recorder is powered by a 3v lithium battery.**
- **Works by a simple pointing....security guard points the GT1100 recorder to a station point to record the date and time of his patrol.**
- **System includes: GT1100 recorder, Carrying case, Downloader, Software in CD**

Benefits:
- **Simple Operation, Reduce time in tabulating reports**
  * Electronic Time Registrations - No paper required for recording
  * Easy to use and powerful software to generate comprehensive reports
