TIMI F-18

Facial and Fingerprint Attendance Time Device

Face + Fingerprint + Password • Easy to Use • High Security

Modern biometric technology for accurate time attendance management. Ideal for companies, factories, schools, hospitals, government and all kinds of organizations.

Face Recognition | Fingerprint Recognition | RFID Card | Password Function | Excel Format

300	3000	100,000
Face Capacity	Fingerprint Capacity	Storage Capacity

- Facial Recognition Speed ≤1s
- Fingerprint Recognition Speed 0.7s
- FAR ≤0.0001%
- FRR ≤0.01%
- Built-In Memory 512Mb
- Easy to Use

FEATURES

Face Recognition
Advanced face recognition technology, high accuracy and fast speed.

Fingerprint Recognition
Accurate and reliable fingerprint recognition.

RFID Card
Support RFID card, tap to scan.

Password Function
Support password for user verification.

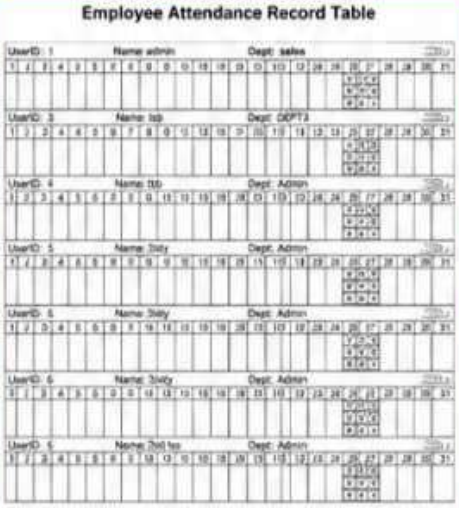

Identification Mode
Support fingerprint, facial and password identification.

Large Storage Capacity
Store up to 100,000 attendance records.

Easy Operation
User friendly interface, just plug and play.

SPECIFICATIONS

Model	F-18
Facial Capacity	300
Fingerprint Capacity	3000
Storage Capacity	100,000
Identification Mode	Fingerprint, facial, password
Recognition ways	1 : N, 1 : 1
Facial Recognition Speed	≤1s
Fingerprint Recognition Speed	0.7s
FAR	≤0.0001%
FRR	≤0.01%
Memory	512Mb
LCD	2.8 HVGA display
Keyboard	4*4 keyboard
Operating temperature	0-60°C
Operating humidity	20%-80%
Use distance	30-80cm
Power	DC5V
